## WE BELIEVE THAT EVERY PERSON DESERVES THE OPPORTUNITY TO LIVE A FULL AND HEALTHY LIFE.

Thanks to our volunteers, donors, sponsors and collaborators, we are making strides toward making this vision a reality as we continue to make a meaningful difference in the lives of many in the Greater Los Angeles community, from helping people better manage their high blood pressure in collaboration with local health care systems and centers to advocating for policies that save and improve lives to creating a Nation of Lifesavers by teaching tens of thousands of Angelenos lifesaving CPR and more.
